“The Legend Lives On”...

Lewiston Council on the Arts proudly presents “A Tribute to the Edmund Fitzgerald,” a multi-sensory and multi-media tribute experience hosted by artist Thomas Paul Asklar, an Edmund Fitzgerald enthusiast.

The SS Edmund Fitzgerald, also known as the “Mighty Fitz”, was an American Great Lakes freighter that sank in a Lake Superior storm on November 10, 1975, with the loss of the entire crew of 29.

The evening begins promptly at 7pm with a 15-minute presentation by Asklar explaining the ship’s history, the timeline of the tragedy, and theories of it’s destruction. A tolling of the bell will honor the souls of the 29 crew members.
